01 • PROJECT OVERVIEW

About Hieu Bowl

Hieu Bowl brings the color, comfort, and generosity of Vietnamese cooking to your everyday table — one beautiful, balanced bowl at a time.

The experience focuses on making food discovery feel effortless, with a clear menu, engaging visuals, and thoughtful interactions that encourage visitors to explore and order.

Fresh ingredients

Colorful, wholesome food.

Honest flavors

Simple, satisfying choices.

A happier you

Food that feels good.

02 • THE CHALLENGE

How can a restaurant website feel as fresh as the food?

The challenge was to create a digital experience that communicates the brand’s vibrant personality while keeping the menu easy to explore and the ordering journey clear.

Design direction

Fresh visuals ♦ Simple navigation ♦ Clear action

Key Goals

Showcase the brand

Create a strong first impression with a fresh and modern design.

Simplify discovery

Make the menu easy to explore and understand.

Drive action

Encourage users to place an order with clear CTAs.

03 • DESIGN PROCESS

From idea to experience.

A simple and focused process to bring the Hieu Bowl vision to life.

01

Research

Understand the brand, audience and competitors.

02

Wireframes

Plan the page structure and content flow.

03

UI Design

Create key screens with a bold visual direction.

04

Development

Build the responsive website with smooth interactions.
